# What is new?

- Remote participants (webcast + jabber)
- Voting:
  - Remotely via BigPulse (electronic voting)
  - By paper ballot from attendees at GM
- New voting system: Instant Run-off Voting (IRV)  
*Voters select their candidates in order of preference*

# Voting Process

Result calculation via BigPulse electronic voting system

Electronic votes (automatically) **+** Paper ballots (manually)

**=** Total results (according to IRV)

# Voting Scenarios

	Results to include	
If connectivity	Paper ballots	Electronic votes
If no connectivity / partial connectivity	Paper ballots	

## What if we lose connectivity at GM location:

Paper ballots are input on a data file that calculates results (according to IRV)

*All votes cast electronically will not be included in the calculation*
